# Reader's Guide . . .

## to Fleet Owner's cost-cutting stories, July–December '56

**Axles**
Movable tandems: Fast new way to distribute axle weight—*Dec p 52*

**Buyer's Guide**
Directory of shop equipment manufacturers—*July p 51*

**Chains**
How to make chains pay off (special 6-page report) —*Sep p 59*

**Color**
Color—why it's important to fleet owners today (8-page special report)—*Dec p 57*

**Cooling Systems**
Can aluminum grab copper's corner on radiators? —*Aug p 61*
Fleets report sharp drop in life of radiators (survey)—*Dec p 54*

**Data Sheets**
SAE recommends new practice for truck and trailer wiring—*July p 117*
ICC brake laws for combination vehicles—*Aug p 91*

**Disaster Bulletins**
When floods hit—help your town—*July p 111*
How you can recover from a fire—*Sep p 213*
How to select a fire extinguisher—*Oct p 144*

**Electrical**
SAE recommends new practice for truck-trailer wiring—*July p 117*

**Engines**
HP race poses question: Where does all the power go?—*Sep p 162*
Fuel-injection for gasoline engines—*Nov p 210*

**Finance**
Why don't more truckers sell company stock?—*Aug p 152*

**Highways**
Here's what you should know about the new highway program—*July p 102*
Two films point up highway problems—*Aug p 132*
How much will you pay for highways?—*Nov p 78*
Construction gets rolling on new highway program —*Dec p 166*

**Legislation**
(Also see Highways and Regulations)
Post-election outlook—what's in the wind for trucking—*Dec p 120*

**Lubrication**
Dry-type air filters can help get longer engine life—*Oct p 92*
Oil analysis cues PM—*Nov p 59*

**Management**
Why don't more truckers sell company stock?—*Aug p 152*
Want ideas? Brainstorm for them (special 8-page report)—*Oct p 57*
Don't under-rate air freight—*Oct p 114*

**Materials Handling**
Do pallet racks cut dock costs?—*Sep p 52*
Can one-man operation cut your dock costs?—*Dec p 42*

**Medical**
Ileitis: Facts behind the headlines—*Aug p 173*
That headache can be serious—*Sep p 205*
Hernia: It's common but you can't afford to ignore it—*Oct p 157*
Carbon monoxide: Poison in shop—*Nov p 116*
Blood vessels: Key to actual age—*Dec p 170*

**New Developments**
Aluminum radiators for trucks—*Aug p 61*
Flexible shafting: Are you passing up new ways to use it?—*Sep p 80*
Now you can beef up old vans—*Sep p 140*
Semi-automatic truck transmissions—*Oct p 65*
Dry-type air filters can help you get longer engine life—*Oct p 92*
Don't under-rate air freight—*Oct p 114*
Fuel-injection for gasoline engines—*Nov p 210*

**Parts**
How you spend: These 10 parts cost fleets the most each year—*Sep p 55*

**Passenger cars**
(Also see Passenger Car page, each issue of FLEET OWNER)
Fleet cars (comparison of two surveys on passenger cars, 1953-1956)—*Oct p 108*

*Continued on next page*

**Personnel**

Drivers' contest that hikes gas mileage 10%—*Sep p 130*
PM people: These fleets know they can make or break you—*Nov p 64*
PM works better when shop men want to spark improvements . . . work as a team—*Nov p 66*
Driver fatigue: How do you stand on these three questions?—*Dec p 48*

**Picture Stories**

How to mount tire chains—*Sep p 64*
How to tear down air-system on semi-automatic transmissions—*Oct p 69*
Now you can make your own cold repairs on castings—*Dec p 112*
Need a drill fast? Make it like this—*Dec p 142*
Want sharper sparkplug action?—*Dec p 67*

**Preventive Maintenance**

Today's PM Planning—special 24-page report in November issue. Includes:
The changing PM picture (comparison of two surveys 1950 and 1956) ..... *p 54*
PM ideas from 13 top shops (13 case studies) starting on ..... *p 56*
Check yourself on these 6 questions ..... *p 74*
Want sharper sparkplug action?—*Dec p 67*

**Public Relations**

When floods hit, help your town—*July p 111*
These ads tell folks what you're doing—*Sep p 122*
You can cash in on free TV time—*Nov p 92*
Christmas parties for kids—*Dec p 104*
Two new trucking games for kids and grown-ups—*Dec p 178*

**Radio**

Using radio? Here are three tips—*Sep p 71*

**Records**

Scheduling PM: Good records show which truck is next—*Nov p 58*

**Refrigeration**

This new van hauls frozen food and fresh produce at same time—*Sep p 94*
Now you can beef up old vans—*Sep p 140*

**Regulations**

ICC brake laws for combination vehicles—*Aug p 91*
State laws passed this year—*Sep p 107*

**Safety**

Use accidents to prevent others—*July p 74*
Until your shop burns up, you just don't think about fire—*Aug p 96*
How to pick fire extinguishers—*Oct p 144*
Driver fatigue: How do you stand on these three questions?—*Dec p 48*

**Scattered fleet**

Tough operating conditions in remote scattered areas—*Nov p 70*

**Shop Equipment**

(Also see Shop Layout and Testing)
Keep screwdrivers in top shape—*July p 96*
Power tools: Why these five fleets wouldn't be without them—*Oct p 60*

**Shop Layout**

Special 24-page clinic in July issue. Includes:
Shop equipment survey ..... *p 36*
Planning an ideal shop ..... *p 38*
Case Study No. 1: (Large shop planned for future growth) ..... *p 42*
Case Study No. 2: (Pre-fab adds more space at low cost) ..... *p 44*
Case Study No. 3: (Company that goes slow on planning, believes in try-outs) ..... *p 46*
The shop you're hoping to build ..... *p 48*
Until your shop burns up, you don't think about fire—*Aug p 96*

**Special Reports**

Shop Layout Clinic (24 pages)—*July p 35*
Truck Weighing (16 pages)—*Aug p 37*
Tire Chains (3 pages)—*Sep p 59*
Brainstorming for ideas (8 pages)—*Oct p 57*
Semi-automatic transmissions (8 pages)—*Oct p 65*
Today's PM Planning (24 pages)—*Nov p 53*
Color: Why it's important to fleet owners today (8 pages)—*Dec p 57*

**Surveys**

Shop equipment—*July p 36*
Undercoating—*Aug p 56*
Fleet passenger cars—*Oct p 108*
Changing PM picture—*Nov p 54*
Cooling systems—*Dec p 54*

**Testing**

PM instruments: Why some fleets won't be without them—*Nov p 60*
Cost of instruments not justified, says low-mileage fleet—*Nov p 61*
Try making your own PM instruments—*Nov p 62*

**Tires**

Retreading—when does it pay?—*Aug p 108*
Special 6-page report on tire chains—*Sep p 59*

**Transmissions**

Semi-automatic transmissions (8-page special report)—*Oct p 73*

**Weighing**

Truck weighing (16-page report)—*Aug p 37*
Movable tandems: Fast new way to distribute axle weight—*Dec p 52*
